PHONICS WORKSHEETS

- ➔ This book is designed to introduce consonant blends, diphthongs, double sounds and digraphs.
- ➔ Certain actions are a help when treating any sounds:
- ➔ Emphasize the sound being treated when reading the word to the child. Then have the child imitate you.
- ➔ Make sure that the child is making the sound correctly.
- ➔ Encourage the child to say their words slowly when reading and to find the sounds within them.
- ➔ Always provide a sufficient amount of aural as well as visual work.
- ➔ Ask questions e.g. "What would 'flap' say without the 'f'?" or "What would 'flap' say if the 'p' were changed to a 't'?"
- ➔ Prior to using the worksheets, the teacher should discuss the activities on each page to make sure that the children have a good understanding of what is required.
- ➔ Remember to "Praise, praise, praise!"
