Word Families

READ and COLOUR

Word Families

Introduction

'Read and Colour ~ Word Families' has been designed to help students recognise word families and to help them blend three-letter words.

All words in the families contain the same middle and final sounds (vowel-consonant).

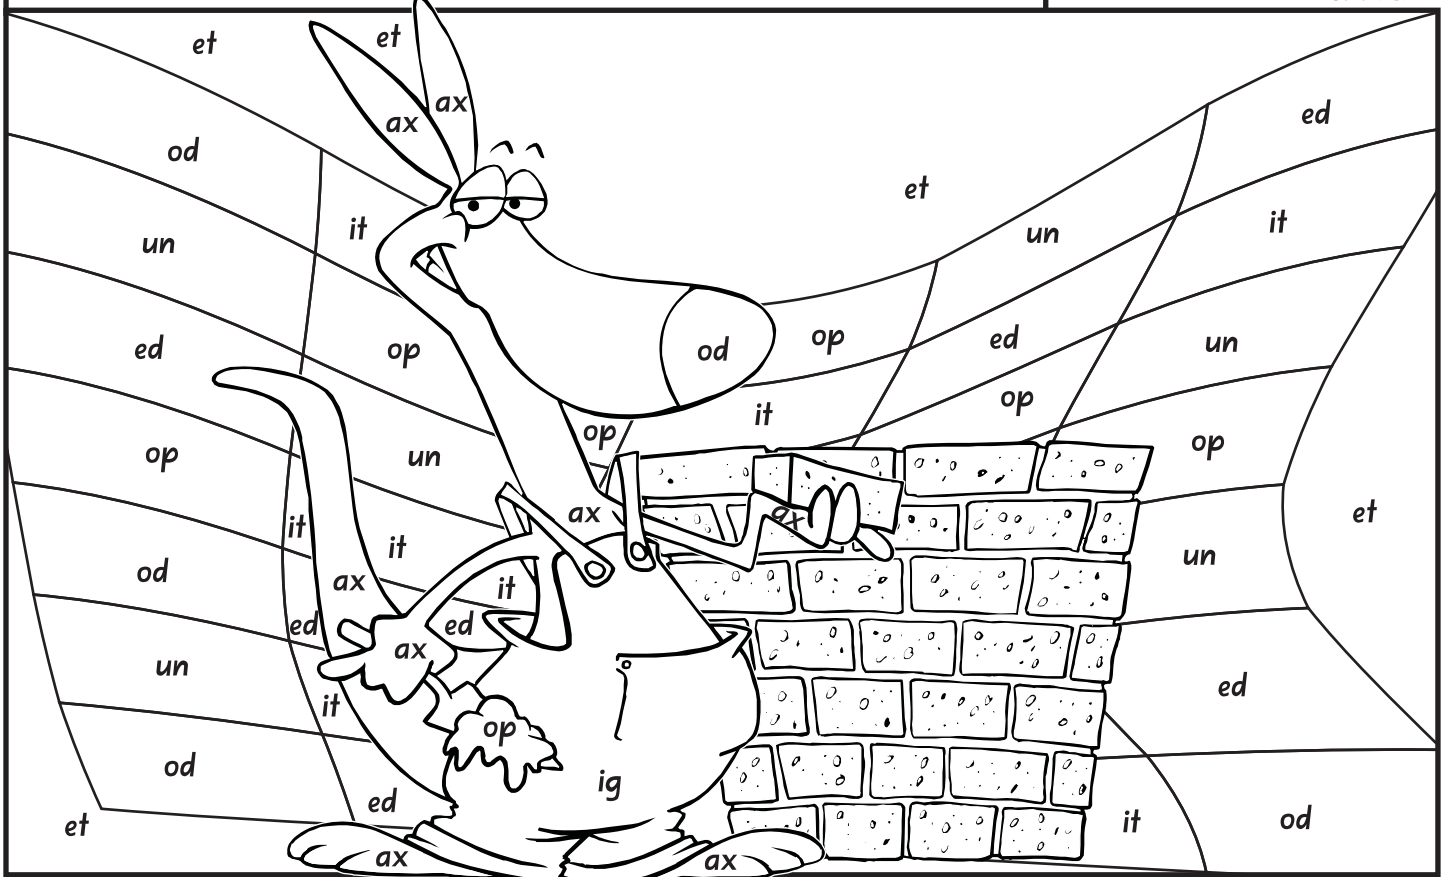

The activities will help students to recognise patterns within words and to blend sounds together to make words.

The pictures below are examples of the word families treated in this book.

Read and Colour ~ Word Families will provide practise in the recognition of patterns within words and blending sounds together to make words.

- * The students are asked to write the missing sounds in the words.
- * They then find the sounds within a large picture and colour it using the colour code given.
- * The word families treated are:
